

Lac St. Louis Region

June 4, 2010

YES-YOU CAN COUNT ON ME!!!

The Lac St. Louis Region¹, in collaboration with the Federation de patinage artistique du Quebec (FPAQ), is proud to announce that it will once again host the Championnats Québécois d'été BMO Group Financier 2010 which will be held at the Sportplexe 4 Glaces in Pierrefonds, Quebec, from August 5-8, 2010.

This event has grown over the years in size and notoriety to become one of the largest and most prestigious summer skating competitions in Canada and the US. The magnitude of this event is easily evidenced by last year registrations topping over 900 skaters!

There are a variety of exciting ways for everyone to participate this year. The Souvenir Program is not only a cherished keepsake for the skaters, but also a great opportunity for advertising a service, sharing a message of support or networking within the skating community.

Please find attached the various options available to help support this event and ensure its success for our skaters. Any level of contribution, large or small, will be very much appreciated by the athletes.

The success of this event is contingent upon the participation of the entire Quebec Section skating community at every level. For this reason, the participation of each Regional President is critical. By communicating directly with each Club President within their region they can recruit their participation. Specially pre-designed greetings have been created to facilitate each club's submission. Every club should encourage their skaters, share a message and show your club cares!

Thank you and good luck to Canada's best and future champions,

Pam Itzcovitch & Patty Klein
Co-Chairs Souvenir Program Committee
